

News Update

Spring Term 4 Week 5

27th March 2020

Academy Update—We are now on Twitter!

This week has marked a new chapter in the academy's role, remaining open to help and support certain members of our school community during this unprecedented period. However, the whole PHIA community has been in our thoughts throughout this week. We have considered further ways to remain in contact with parents and our wonderful children. As a result, PHIA is now on Twitter! You can follow us at <https://twitter.com/PHInfants>.

In addition, we have set the following year group twitter pages:

@PHIReception <https://twitter.com/PHIReception>

@PHIYear1 <https://twitter.com/PHIYear1>

@PHIYear2 <https://twitter.com/PHIYear2>

We encourage you to share and celebrate home learning 'wins' and successes, photos of creations or work completed whilst at home. Our class teachers will be tweeting and posting links to websites and resources to further support your home learning activities. Follow us today, our Class teachers are ready and waiting to hear from you!

Polite notice: Please can I remind you that any direct queries to the academy need to be made through the usual channels via office@phiacademy.org.uk. Any unacceptable tweets made by parents not adhering to our Parent and Visitor Code of Conduct will be taken off-line and managed accordingly.

Community Spirit — Message from: Pound Hill Area Neighbourly Team Support.

"Hello! We are PANTS!

If you are self-isolating, we can help.

Please find further information about this community support group via

Facebook:

www.facebook.com/groups/351680412144235

Whilst the Academy is closed, please keep looking at the weekly home learning grids. These can be found on the our Trust Academy home learning page. : [https://](https://www.brightonacademistrust.org.uk/home-learning/pound-hill-home-learning)

www.brightonacademistrust.org.uk/home-learning/pound-hill-home-learning Teaching staff have carefully thought about the activities to support the children in accessing and experiencing a wide range of the curriculum.

To further support you in delivering the suggested activities, we have posted a suggested weekly timetable linked to the home learning grids, for each year group.

These have been posted on the website and via parentmail. We hope you find these useful as a guide. In addition to this, we have created a resource bank for suggested daily activities that can be found on the home learning grids.

Please note, we are fully aware of the potential stresses that could be felt during this time. **Please see these suggested activities as a guide and please manage your time under the umbrella of, 'Do what you can!'**

We are thinking of you!
